Bags that do not cost the earth

"Simplicity is the ultimate sophistication" Leonardo Da Vinci

Inspired by this quote, we at Indulge Lifestyle present our eco-friendly, elegant, stylish "gift from nature" bags. We aim to utilise sustainable, simple, plant fibres such as jute, cultivated on small farms along the Ganges, using traditional methods. Our bags are a synergy between natural products and craftsmanship of workers from the villages in India.

We are committed to and take pride in conserving and protecting the environment whilst continually responding to growing consumer needs and market trends.

Our Jute bags provides a natural alternative to paper and plastic bags, adding originality and a special touch to shopping and special promotion.

The USP's offered by our bags include:

- An informed choice of a natural, eco-friendly product to your customers and they do not cost the earth.
- Competitive price points
- Natural, stylish, high quality alternative to paper and plastic bags
- Appealing to varied customer preferences
- Bespoke bags offer an ideal marketing opportunity for any event / company

Our "you create we make" bespoke bags are available in varied colours, sizes and styles in response to your customer preferences and corporate branding.

- Colours include – Pantone shades, Pastels, Earth Neutrals, Vibrant Metallic and Solid Bolds
- Available in various sizes, with handles or draw stings
- Styles range from Contemporary, Vintage and Festive Classics
- Accessories are hand-made, with wooden, leather, draw-string or beaded handles.
